The following is a quote for labour and materials required to rectify all C2 categorised elements of your report (Items: 1,2,3,4,5,6,7,8,9,11,13,14 & 17). Please note that item 1 requires investigation to establish where the loss of continuity has occurred, this may or may not be located in an accessible place i.e. behind a socket, if it is not and the fault is located underneath floors for example then further work at additional cost will be required.
