Supply and installation of SWA cable from Distribution board cupboard to Marque area.

Supply and installation of IP65 single phase consumer unit with Surge protection, Residual current protection and circuit breakers for socket circuits and lighting.

Supply and installation of wiring in H07RN F cable to provide required resilience for the environment in which it will be installed.

2 Socket circuits will be provided, 1 running down the left of the marquee and one running down the right, each circuit will consist of a socket at the entrance, one either side of the door, one socket half way down the marquee, and both ending at the far end where the DJ area is, here each circuit will provide 1 socket each, this will give the DJ area a total of 4 socket outlets for any equipment and the total number of outlets for the marquee area will be 12. (Please advise if you require more outlets/less outlets or outlets in different positions.

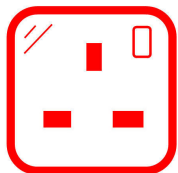

3 Lighting circuits will be provided, 1 for wall lights running down the left of the marquee, 1 for wall rights running down the right of the marquee and 1 for the chandeliers running down the middle of the marquee.

Hrs/Qty	Service	Rate/Price	Sub Total
1	Materials and Labour. Cost to supply materials and labour to install them to complete works as described above.	£2,457.62	£2,457.62
